

# Goulter's Vinegar Products

*Natural alternative for weed control*

[www.naturalherbicide.co.nz](http://www.naturalherbicide.co.nz) P: 027 8463 111

Based in Nelson, New Zealand. SAFE for our people and the environment

## **WeedX is the first herbicide of its kind in NZ**

### **Benefits of using WeedX**

NO lingering smell as the vinegar smell dissipates quickly into the air

SAFE for our people and the environment

NON TOXIC and controls weeds the natural way

MADE locally in Nelson, New Zealand

FULLY bio-degradable in soil, water and atmosphere

GREAT to use in preparation of your vegetable garden

All Natural WeedX Herbicide:

- Is Safe for use around children and animals
- Fully Biodegradable in soil and aquatic areas
- Results within hours not days
- After 24hrs the soil pH level re-balance's itself back to normal
- Kills weeds by contact
- Kills both annual and perennial weeds
- Does not harm mature tree bark
- Is Non selective and non systemic
- Great for spraying the weeds on ground being prepared for a vegetable garden/orchard – give at least 24hrs rest after spraying before planting your vegies
  - Will kill small weeds and mosses that have not much energy in the root reserves. The idea is to get the weeds before they are too big.

### **Approved by the EPA**
